

# Sentinel™ PRO

## All-Access Management Solution

### Touch-free Sign-In, Temperature Scans, Mask-On Detection & Health Questionnaire Records

Protect your residents and staff while maintaining compliance with state and federal mandates

Long-term Care facilities and Senior Living communities need to minimize staff and resident exposure to COVID-19, reduce workloads associated with visitor screening, and comply with state and federal mandates. All of that while trying to get back to business as usual, provide tours for prospective new residents, and reduce business risks.

**Sentinel™ PRO** is a comprehensive solution for all these objectives. It includes an advanced thermal camera for Elevated Body Temperature (EBT) and face mask detection, a registration kiosk for visitor sign-ins, a health screening questionnaire, and badge printing. A smartphone app offers touch-free sign-in for staff and frequent visitors.

- Accurate body temperature measurement and recording
- All-access support: Visitors, Providers, Vendors, Clinical Team, Operations and Management personnel, and Residents
- High Throughput capability to facilitate social distancing
- Automated, digital records conserves staff resources
- Screen, Track and Trace support for your community
- Maintain Regulatory Compliance for screening and recordkeeping
- Durable, commercial grade equipment
- Desk and Floor Stand options available
- Customizable health screening questionnaire on kiosk and app
- Text and email management notifications and alerts
- Self-registration kiosk and pre-registration for staff and frequent visitors
- Management Dashboards, compliance reports and ad-hoc analytics
- Visitor Badge Printing and History tracking
- Simple Resident sign-outs & check-ins
- Integrated Resident Event Timeline for contact tracing
- All data securely stored in cloud to minimize IT infrastructure

#### Infection Protection

- Screen, Track and Trace with visitor and staff sign-in and resident sign-out/in
- Touch-free app for staff and frequent visitors

#### Process Automation

- Completely automated EBT, mask and health question screening
- Streamlined workflow conserves resources and keeps staff safer
- High throughput for shorter visitor check-ins to maintain social distancing

#### CDC/State Compliance

- Designed specifically for Senior Care Communities
- Customizable health questions to stay up-to-date with evolving CDC guidelines

**Sentinel™ PRO offers peace of mind about the safety your community.**
